

VIRTUAL CAROUSEL MENTORING

WHAT IS IT?

Carousel mentoring provides University Students direct access to advice and guidance from cross-sector industry professionals to help them make career choices whilst connecting this talent pipeline to business.

WHY NOW?

With so many work placements cancelled university students have had less opportunity to experience different industries and therefore we want to provide this opportunity for them to raise aspirations, gain insightful career advice and build their confidence.

WHO SHOULD GET INVOLVED?

If you feel you are able to be generous with your time and really make a difference, please sign up as a mentor. This is an easy opportunity to support the younger generation. **All sectors, all genders and regions are welcome!**

WHO ELSE SHOULD GET INVOLVED?

If you are at University and would like to get involved [sign up here](#).

Please do forward this on to any colleagues or friends who would like to get involved!

#NPWLive #PayItForward
